## WORK EXPERIENCE

- **Jr. Software Engineer at SpurTree Technologies Pvt. Ltd. (Exp – 1 year 9 months)**
  - Worked on several projects, created multiple apps, well aware of various concepts in React Native like Flex, State Management, Redux, Formik, etc. and Firebase Console.
  - Worked on several technologies like Node JS for building APIs, React JS for building web pages, and React Native for building Cross Platform Mobile Applications.
- **Internship on Python and Machine Learning**
  - Was an Intern at Acronton Infotech, Bangalore. Learned some basics of Python and ML.
- **Tuitions** - Used to teach some of my classmates and juniors in my free time. Also taught as a Computer Teacher in a Primary school.

## PROJECTS

- **Portfolio Website** – Made a simple-looking portfolio website that does my resume job. I tried to use my JavaScript along with HTML and CSS skills to build this.
- **Web Animation** – Made two web animations one simple, and another a bit complex using simple HTML and CSS styling.
- **Instagram Clone** – Made an Instagram Clone in React Native with Redux-toolkit using Firebase Console using its database and analytics feature.
- **Object Detection using AI and ML** – This final year college project uses Python and ML's YOLO technique. The main objective was to detect different objects present in our surroundings.
- **Library Management System** – Built this using JavaScript and PHP in Sem-V. The project was to build an online management system for the ease of librarians and students.
- **Billing Software** - I built this project with the help of my faculty in class 12. The project was built on Java using NetBeans IDE and focused on billing the total price of the customers.

## TECHNICAL SKILLS

- **Languages** – React Native, React JS, Node JS, JAVA, HTML with CSS
- **Application Tools** – VS Code, GitHub, Bitbucket, MS Office, Android Studio, XCode, Firebase, Google Analytics
- **Database** – SQL Plus, MySQL, SQL.

## SOFT SKILLS

- Teamwork
- Communication Skills
- Leadership Quality
- Time Management Skill
- Efficiency
- Problem-solving attitude

## TRAINING

Undergone training for a **Software Testing** course in QSpiders.

## EDUCATION
